Have some fun in the sun while staying indoors!  
Color and draw fun fruit characters,  
then challenge a family member to a  
game of starfish and boxes!

Take turns with a friend connecting the starfish with a line. When you finish a square, claim it with your initials and go again. When no more squares can be made, count them up, and see who won!  
Want a rematch? Draw a new grid on the back of this paper!
